

Five steps to staying COVID-19 secure

We can confirm we have complied with the UK Government's guidance on managing the risk of COVID-19

1. We have carried out a **COVID-19 risk assessment** and shared the result with our employees.
2. We have developed **enhanced cleaning, handwashing and hygiene procedures** that are in place in line with guidance.
3. We have taken all reasonable steps to help **employees work from home**.
4. We have taken all reasonable steps to maintain a **two-metre distance** in the workplace.
5. Where people cannot be two metres apart, we have done everything practical to **manage the risk of transmission**.
