Hotel Waldeck is a favourite destination, where we have enjoyed Brigitte's hospitality on many occasions. With the meandering Mosel river at the bottom of the road and a beautiful woodland backdrop, this is a perfect place to relax in the well-stocked bar and enjoy the lovely home-cooked 3 course evening meals and the lovely selection from the buffet breakfast - the coffee is delicious too! We are delighted to be returning to where it all started 20 years ago, to celebrate our anniversary visit www.moselhotel-waldeck.de

Aachen: During Advent, the market squares and winding lanes around Aachen cathedral and Town Hall are turned into a magical Christmas village, with all the sights, sounds and aromas of Christmas! Make sure you sample the local speciality, Aachener Printen - a kind of gingerbread. We'll also have the opportunity to shop in the Lindt Chocolate factory shop, a cavernous chocolate delight for all chocoholics.

Cologne: This famous cathedral city boasts several Christmas markets - you can even ride on the mini train from one to another! These markets are all different in theme, with a fantastic selection of culinary delights, local crafts and beautiful gifts. The stunning cathedral is well worth a visit; look out for Shrine of the Three Kings, a reliquary traditionally believed to contain the bones of The Three Wise Men.

Ahrweiler: This lovely walled Roman city is a personal favourite; beautiful architecture, small market square with a cosy Christmas market, and lovely local shops. Take a wander through the back streets and little alleyways to get the true feeling of Olde-worlde charm.

Rudesheim: Our destination following our lovely Rhine Cruise. Rudesheim has it all; The Rhine river on its doorstep, its main street lined with market stalls, and the traditional market square where friends and family gather with visitors to sample the culinary delights offered at every turn! There's a cable-car, offering stunning views, visit the Niederwald Monument, and warm up with a delicious Rudesheimer Coffee in the many cafes on the famous Drosselgasse.

Bernkastel-Kues: One of the prettiest medieval villages we'll visit this year, a true chocolate-box backdrop to the cosy Christmas market in the market square. Winding streets and alleys lead you to surprising sights, like the markers on the doors, depicting the river flood levels over the centuries! Look for the huge advent calendar on the windows of the half-timbered houses behind the market. Each day a window opens to reveal a poem or story.
